# Contents

No. 1 (February 1993)

**A prospective study of exposure to verotoxin-producing *Escherichia coli* among Canadian children with haemolytic uraemic syndrome**
Rowe, P. C., Orrbine, E., Lior, H., Wells, G. A., McLaine, P. N. and the CPKDRC co-investigators 1

**Diarrhoea in close contacts as a risk factor for childhood haemolytic uraemic syndrome**
Rowe, P. C., Orrbine, E., Lior, H., Wells, G. A., McLaine, P. N. and the CPKDRC co-investigators 9

**A comparison of *Salmonella enteritidis* phage types from egg-associated outbreaks and implicated laying flocks**
Altekruse, S., Koehler, J., Hickman-Brenner, F., Tauxe, R. V. and Ferris, K. 17

**rRNA gene restriction patterns and biotypes of *Shigella sonnei***
Nastasi, A., Pignato, S., Mammina, C. and Giammanco, G. 23

**A large salmonellosis outbreak associated with a frequently penalized restaurant**
Luby, S. P., Jones, J. L. and Horan, J. M. 31

**Iron restriction and the growth of *Salmonella enteritidis***
Chart, H. and Rowe, B. 41

***Salmonella enteritidis* outbreak in a restaurant chain: the continuing challenges of prevention**
Vugia, D. J., Mishu, B., Smith, M., Tavris, D. R., Hickman-Brenner, F. W. and Tauxe, R. V. 49

**Epidemiology of typhoid fever in Singapore**
Yew, F. S., Goh, K. T. and Lim, Y. S. 63

**The carriage of *Streptococcus suis* type 2 by pigs in Papua New Guinea**
Paterson, R. A., Robertson, I. D., Sanders, R. C., Siba, P. M., Clegg, A. and Hampson, D. J. 71

**Crystal violet reactions of *Staphylococcus aureus* strains colonizing infants in the first six weeks**
Hudson, S. J., Freeman, R., Burdess, D. and Cookson, B. D. 79

**Sialic acid content and surface hydrophobicity of group B streptococci**
Teixeira, L. A., Figueredo, A. M. S., Ferreira, B. T., Alves, V. M. L., Nagao, P. E., Alviano, C. S., Angluster, J., Silva-Filho, F. C. and Benchetrit, L. C. 87

**Detection of *Cowdria ruminantium* by means of a DNA probe, pCS20 in infected bont ticks, *Ambylomma hebraeum*, the major vector of heartwater in Southern Africa**
Yunker, C. E., Mahan, S. M., Waghela, S. D., McGuire, T. C., Rurangirwa, F. R., Barbet, A. F. and Wassink, L. A. 95

**Outbreak of Legionnaires' disease at University Hospital, Nottingham. Epidemiology, microbiology and control**
Colville, A., Crowley, J., Dearden, D., Slack, R. C. B. and Lee, J. V. 105

**Molecular epidemiology of the plasmid-encoded TEM-1 β-lactamase in Scotland**
Thomson, C. J. and Amyes, S. G. B. 117

**Maternal prevalence of toxoplasma antibody based on anonymous neonatal serosurvey: a geographical analysis**
Ades, A. E., Parker, S., Gilbert, R., Tookey, P. A., Berry, T., Hjelm, M., Wilcox, A. H., Cubitt, D. and Peckham, C. S. 127

**Occurrence of oocysts of *Cryptosporidium* sp. in *Larus* spp. gulls**
Smith, H. V., Brown, J., Coulson, J. C., Morris, G. P. and Girdwood, R. W. A. 135

**Acute respiratory illness in the community. Frequency of illness and the agents involved**
Monto, A. S. and Sullivan, K. M. 145

**Wild ducks are the reservoir for only a limited number of influenza A subtypes**
Sharp, G. B., Kawaoka, Y., Wright, S. M., Turner, B., Hinshaw, V. and Webster, R. G. 161

**Vaccination against hepatitis B: comparison of intradermal and intramuscular administration of plasma derived and recombinant vaccines**
Payton, C. D., Scarisbrick, D. A., Sikotra, S. and Flower, A. J. E. 177

**Book review.** Control of Disease Vectors in the Community 181

**Book review.** Human Toxoplasmosis 182

**Notes for Contributors**

**The role of *Escherichia coli* O 157 infections in the classical (enteropathic) haemolytic uraemic syndrome: Results of a Central European, multicentre study**
Bitzan, M., Ludwig, K., Klemt, M., König, H., Büren, J. and Müller-Wiefel, D. E. 183

**A longitudinal study of Vero cytotoxin producing *Escherichia coli* in cattle calves in Sri Lanka**
Mohammad Tokhi, A., Peiris, J. S. M., Scotland, S. M., Willshaw, G. A., Smith, H. R. and Cheasty, T. 197

**Molecular characterization of plasmids in *Salmonella enteritidis* phage types**
Brown, D. J., Threlfall, E. J., Hampton, M. D. and Rowe, B. 209

**Genotype analysis of faecal and blood isolates of *Salmonella dublin* from humans in England and Wales**
Chowdry, N., Threlfall, E. J., Rowe, B. and Stanley, J. 217

**Egg-related *Salmonella enteritidis*, Italy, 1991**
Binkin, N., Scuderi, G., Novaco, F., Giovanardi, G. L., Paganelli, G., Ferrari, G., Capelli, O., Ravaglia. L., Zilioli, F., Amadei, V., Magliani, W., Viani, I., Riccò, D., Borrini, B., Magri, M., Alessandrini, A., Bursi, G., Barigazzi, G., Fantasia, M., Filetici, E. and Salmaso, S. 227

**A large outbreak of human salmonellosis traced to a local pig farm**
Maguire, H. C. F., Codd, A. A., Mackay, V. E., Rowe, B. and Mitchell, E. 239

**Shigellosis due to occupational contact with non-human primates**
Kennedy, F. M., Astbury, J., Needham, J. R. and Cheasty, T. 247

**Human isolates of apramycin-resistant *Escherichia coli* which contain the genes for the AAC(3)IV enzyme**
Hunter, J. E. B., Hart, C. A., Shelley, J. C., Walton, J. R. and Bennett, M. 253

**A point source outbreak of campylobacter infection related to bird-pecked milk**
Riordan, T., Humphrey, T. J. and Fowles, A. 261

**The seasonality of canine births and human campylobacteriosis: a hypothesis**
Evans, S. J. 267

**The role of management systems in the epidemiology of thermophilic campylobacters among poultry in Eastern zone of Tanzania**
Kazwala, R. R., Jiwa, S. F. H. and Nkya, A. E. 273

**Adherence to HEp-2 cells and enteropathogenic potential of *Aeromonas* spp.**
Grey, P. A. and Kirov, S. M. 279

**Non-radioactive ribotyping of *Haemophilus ducreyi* using a digoxigenin labelled cDNA probe**
Brown, T. J. and Ison, C. A. 289

**Antimicrobial susceptibilities and serotyping of *Neisseria gonorrhoeae* in southern Africa: influence of geographical source of infection**
Ison, C. A., Roope, N. S., Dangor, Y., Radebe, F. and Ballard, R. 297

**Different seroprevalences of antibodies against *Neisseria meningitidis* serogroup A and *Haemophilus influenzae* type b in Sudanese and Swedish children**
Salih, M. A. M., Fredlund, H., Hugosson, S., Bodin, L. and Olcén, P. 307

**Bacterial load of cockroaches in relation to urban environment**
Rivault, C., Cloarec, A. and Le Guyader, A. 317

**The prevalence of *Fusobacterium necrophorum* biovar A in animal faeces**
Smith, G. R. and Thornton, E. A. 327

**Effect of disturbance of the gastrointestinal microflora on the faecal excretion of *Fusobacterium necrophorum* biovar A**
Smith, G. R. and Thornton, E. A. 333

**Effect of respiratory syncytial virus infection on binding of *Neisseria meningitidis* and *Haemophilus influenzae* type b to a human epithelial cell line (HEp-2)**
Raza, M. W., Ogilvie, M. M., Blackwell, C. C., Stewart, J., Elton, R. A. and Weir, D. M. 339

**The epidemic cycle of *Chlamydia pneumoniae* infection in eastern Finland, 1972–1987**
Karvonen, M., Tuomilehto, J., Pitkäniemi, J. and Saikku, P. 349

**The age of infection with varicella-zoster virus in St Lucia, West Indies**
Garnett, G. P., Cox, M. J., Bundy, D. A. P., Didier, J. M. and St. Catharine, J. 361

**Seroprevalence of HIV-1 and HIV-2 infection among children diagnosed with protein-calorie malnutrition in Nigeria**
Fischer, G. D., Rinaldo Jr., C. R., Gbadero, D., Kingsley, L. A., Ndimbie, O., Howard, C., Montemayor, P. C., Langer, A. and Sibolboro, W. 373

**Antenatal survey for the seroprevalence of HTLV-1 infections in the West Midlands, England**
Nightingale, S., Orton, D., Ratcliffe, D., Skidmore, S., Tosswill, J. and Desselberger, U. 379
**A nucleotide sequence comparison of coxsackievirus B4 isolates from aquatic samples and clinical specimens**
Hughes, M. S., Hoey, E. M. and Coyle, P. V. 389
**Prevalence of viral antibodies and helminths in field populations of house mice (*Mus domesticus*) in southeastern Australia**
Singleton, G. R., Smith, A. L., Shellam, G. R., Fitzgerald, N. and Müller, W. J. 399
**Characterization of human rotavirus strains causing gastroenteritis in Kenya**
Gatheru, Z., Kobayashi, N., Adachi, N., Chiba, S., Muli J., Ogaja, P., Nyangao, J., Kiplagat, E. and Tukei, P. M. 419
**Book review.** Medical Microbiology. A Guide to Microbial Infections: Pathogenesis, Immunity, Laboratory Diagnosis and Control 425
**Book review.** Clinical Virology in Oral Medicine and Dentistry 426
**Notes for Contributors**

No. 3 (June 1993)

**Molecular epidemiology of *Pseudomonas aeruginosa* in an intensive care unit**
Döring, G., Hörz, M., Ortelt, J., Grupp, H. and Wolz, C. 427
**Molecular studies of plasmids of multiply-resistant *Shigella* spp. in Hong Kong**
Ling, J. M., Shaw, P. C., Kam, K. M., Cheng, A. F. and French, G. L. 437
**The prevalence of genetics of resistance to commonly used antimicrobial agents in faecal Enterobacteriaceae from children in Bangladesh**
Mamun, K. Z., Shears, P. and Hart, C. A. 447
**Occurrence of $F_1$*me* plasmids in multiply antimicrobial-resistant *Escherichia coli* isolated from urinary tract infection**
Riley, P. A., Threlfall, E. J., Cheasty, T., Wooldridge, K. G., Williams, P. H. and Phillips, I. 459
**Phage typing of Vero cytotoxin-producing *Escherichia coli* O 157 isolated in the United Kingdom: 1989–91**
Frost, J. A., Cheasty, T., Thomas, A. and Rowe, B. 469
**Enterotoxins and toxic-shock syndrome toxin-1 in non-enteric staphylococcal disease**
Marples, R. R. and Wieneke, A. A. 477
**Corresponding type-specificity of vibriocidal and agglutinating activities of *Vibrio cholerae* antisera: relevance to vaccine immunogenicity**
Preston, N. W. 489
**Pathogenicity of *Fusobacterium necrophorum* strains from man and animals**
Smith, G. R. and Thornton, E. A. 499
**Factors enhancing adherence of toxigenic *Staphylococcus aureus* to epithelial cells and their possible role in sudden infant death syndrome**
Saadi, A. T., Blackwell, C. C., Raza, M. W., James, V. S., Stewart, J., Elton, R. A. and Weir, D. M. 507
**Staphylococcal food poisoning in the United Kingdom, 1969–90**
Wieneke, A. A., Roberts, D. and Gilbert, R. J. 519
**Hospital infections in Spain. I. *Staphylococcus aureus* (1978–91)**
Vindel, A., Trincado, P., Martiń de Nicolás, MM., Goméz, E., Martín-Bourgon, C. and Sáez-Nieto, J. A. 533
**The contamination of paté by *Listeria monocytogenes* in England and Wales in 1989 and 1990**
Gilbert, R. J., McLauchlin, J. and Velani, S. K. 543
**Epidemiology of *Salmonella typhimurium*: ribosomal DNA analysis of strains from human and animal sources**
Nastasi, A., Mammina, C. and Villafrate, M. R. 553
**Campylobacter bacteraemia in England and Wales, 1981-91**
Skirrow, M. B., Jones, D. M., Sutcliffe, E. and Benjamin, J. 567
**Dose–response in an outbreak of non-bacterial food poisoning traced to a mixed seafood cocktail**
Gray, S. F. and Evans, M. R. 583
**Vero cytotoxin-producing *Escherichia coli*, particularly serogroup O 157, associated with human infections in the United Kingdom: 1989–91**
Thomas, A., Chart, H., Cheasty, T., Smith, H. R., Frost, J. A. and Rowe, B. 591

**The colonization of broiler chickens with *Campylobacter jejuni*: some epidemiological investigations**
Humphrey, T. J., Henley, A. and Lanning, D. G. 601
**A bacteriological survey of tuberculosis due to the human tubercle bacillus (*Mycobacterium tuberculosis*) in South-East England: 1984–1991.**
Yates, M. D. and Grange, J. M. 609
**Oropharyngeal production of pneumococcal capsular antigen and the potential for contamination of expectorated sputum samples in pneumococcal pneumonia**
Venkatesan, P., Sole, K., Tang, C. Macfarlane, J. T. and Finch, R. G. 621
***Arcobacter cryaerophilus* and thermophilic campylobacters in a sewage treatment plant in Italy: two secondary treatments compared**
Stampi, S., Varoli, O., Zanetti, F. and De Luca, G. 633
**Occurence of *Giardia* sp. cysts and *Cryptosporidium* sp. oocysts in faeces from public parks in the west of Scotland**
Grimason, A. M., Smith, H. V., Parker, J. F. W., Jackson, M. H., Smith, P. G. and Girdwood, R. W. A. 641
**Serological diagnosis of leishmaniasis: on detecting infection as well as disease**
Dye, C., Vidor, E. and Dereure, J. 647
**Book review.** Molecular Biology of Bacterial Infection. Current Status and Future Perspectives 657
**Index** 659
**Notes for Contributors**
